This survey is being conducted by Canterbury Christ Church University for the Epistemic Insight Initiative. We appreciate your engagement.

We use 'before and after' surveys to plan our teaching of epistemic insight. You may not be familiar with all the things mentioned on this survey, please just give the best answers that you can. If you don't wish to answer a question, that's fine, skip it. We also write up and publish research reports for academic journals.

When we write reports and publications your name will never be used. In the survey, 'Big Questions' means questions like, why does the universe exist and what does it mean to be human. There are big questions that bridge science, religion and the wider humanities.

Q1	YOUR FIRST NAME:	YOUR FIRST NAME:									
Q2	THE HOUSE NUMBER OF YOUR FIRST HOUSE:										
Q3	THE MONTH OF YOUR BIRTHDAY:										
The in	oformation above is to match before an	nd after s	urveys -	it will neve	er be used	d in any r	eports.				
Please	e complete the survey using dark	BLUE or	BLACK i	ink - Thai	nk You						
A. Und	derline three words in the list below that a	re key to	explaining	the nature	of science	:					
Facts	Experiments Observations Lab-coa	its Curio	sity Exp	olosions F	Proof						
B. If y	ou had to choose one word - what would	it be? Und	derline one	e in the list:							
Facts	Experiments Observations Lab-coa	its Curio	osity Exp	olosions F	Proof						
Q4 Please colour in the box of the answer which best represents your response to each quest Partly agree and un											
		Strongly Agree	Agree	partly disagree	Disagree	Strongly disagree	the question				
	I am familiar with the Epistemic Insight Initiative.										
	I am familiar with the term 'pedagogy'.										
	I am familiar with the term 'epistemology'.										
	I have seen research on epistemic insight.										

Q5	Please colour in the box of the answer which best represents your response to each question.									
		Partly								
		C 1		agree and		6	understand			
		Strongly Agree	Agree	partly disagree	Disagree	Strongly disagree	the question			
	I have learnt that cross curricular	Agree	Agree	uisagicc	Disagree	uisagree	question			
	lessons create opportunities to									
	compare how two disciplines									
	approach one question									
	approach one question									
	I have worked on a research activity									
	on epistemic insight.									
	I can explain what makes a question									
	I can explain what makes a question amenable to science.									
	differiable to science.									
	I like to think about Big Questions.									
	z mie de ammi azeat zig Queenenei									
	I will introduce my students to Big									
	Questions.									
06		مما مامناست	.L							
Q6	Please colour in the box of the answer	wnich bes	st represe	•	sponse to	eacn ques				
				Partly			I don't			
		Strongly		agree and partly		Strongly	understand the			
		agree	Agree	disagree	Disagree	disagree	question			
	It's important for students to know	J	J	J	J	J	•			
	about the similarities and differences									
	between disciplines.									
	·									
	It's important for teachers to be able									
	to explain the similarities and									
	differences between disciplines.									
	God created the Universe.									
	dod created the oniverse.									
	Humans have souls.									
	Humans have souls.									
	I would like to know more about how									
	to teach about Big Questions.									
Q7	Please colour in the box of the answer which best represents your response to each question.									
				Partly			I don't			
		Strongly		agree and		Strongly	understand the			
		Strongly agree	Agree	partly disagree	Disagree	disagree	question			
	Science makes it hard to believe in		, .g. cc				question			
	God.									
	cou.									
	Science and religion fit together.									
	Science and religion disagree on so									
	many things, they cannot both be									
	true.									
	One day there will be robots that feel									
	emotions									

Q8	Please colour in the box of the answer which best represents your response to each question.								
				Partly agree and			I don't understand		
		Strongly	_	partly		Strongly	the		
		agree	Agree	disagree	Disagree	disagree	question		
	One day there will be a smartphone that will be smarter than I am.								
	There is a smartphone today that is smarter than I am.								
	I can explain the strengths and limitations of a range of disciplines.								
	I can explain using examples that the concept of 'life' has different meanings in different contexts.								
Q9	What makes science distinctive compared with other disciplines?								
Q10	Please colour in the box of the answ	ver which b	est repre	esents your	response t	to each qu	estion		
		Strongly		Partly Agree and partly	. .	Strongly	I don't understand the		
	One day science will be able to tell us how our personalities are formed.	Agree	Agree	disagree	Disagree	disagree	question		
	One day science will be able to predict how a person will behave at every moment.								
	A person's behaviour is something that science will never be able to fully explain.								
	Science is the only valid way to investigate a question.								
	Science says we're nothing but a bunch of atoms								
	The scientific view is that the soul is not real.								
	One day we may be able to explain the whole universe using science alone.								

Q11	Please colour in the box of the answer which best represents your response to each						o each qu	question	
			Strongly Agree	Agree	Partly Agree and partly disagree	Disagree	Strongly disagree	I don't understand the question	
	I will use strategies epistemic insight wl	•	, \square						
	Working with epister strengthened my ure the role of observate experiment in scien	nderstanding of ion and							
	Working with epister strengthened my ur science compared we disciplines	nderstanding of							
Q12 Please feel free to comment on your experience of epistemic insight within school									
Q13 Please colour in the box of the answer which best represents your response to the question									
	Are you:		Ма	e Female		nale	Other / Prefer not say		
Q14	Please colour in th	e box of the answ	wer which be	est repres	ents your r	response to	o the ques	stion Other /	
	How would you	Christian Muslin	m Hindu	Jewish	Sikh	Agnostic	Atheist	Prefer not to say.	
	How would you describe your position on religion?
